

# Targeting Program Logic Model

Note: Blue font refers to KPIs that will be reported externally (Agency PMF)

PROTECTION • SERVICE • INTEGRITY

TARGETING PROGRAM

FY 2020-21 PERFORMANCE MEASUREMENT FRAMEWORK

EXTERNAL REPORTING in the DEPARTMENTAL RESULTS FRAMEWORK (DRF)  
and

INTERNAL REPORTING in the AGENCY PERFORMANCE SUMMARY (APS) for PROGRAM PERFORMANCE MONITORING

Link to logic model	Performance Indicator  (Data needed to demonstrate the degree of achievement of success)	Baseline  (Existing quantitative measures on which the program intends to improve.)	Target  (The goal or level of the indicator that the program hopes to achieve, if applicable)	Target Date  (The date by which the target should be met).	Target Direction* (TBD)	Thresholds  (Ranges of values tied to a colour coding system & used to provide a visual assessment of performance – e.g., 100%-75% [Green], 74%-60% [Yellow], etc.)	Data System/ Source  (The name of data system or data source that contains the information, if applicable)	Data Type  (The nature of the data: i.e., is it a number, a range, a percentage increase, or qualitative, etc.)	Methodology*  (Describes how the indicator will be measured, including calculations, baselines, the definitions of variables, key terms used, etc.)	Frequency of collection  (How often the information needs to be obtained)	Report  (The report in which the indicator will be used, as required. If yet unknown, indicate whether the data will be for either internal or external reporting, or both)	Responsibility OPI/OCIs  (Indicates who will be responsible for the data collection – i.e. Organizational area? Role or Title.
Intermediate Program Outcomes: High-risk people, goods and conveyances that pose a threat to the security of Canadians are examined and intercepted at the earliest identified point in the travel and trade continuum												
Intermediate Program Outcomes (air traveller)	Percentage of air travellers targeted for examination that led to an <u>intended</u> result	TBD	TBD	Annually at end of fiscal year	Maintain or increase	TBD <ul style="list-style-type: none"> <li>● % or greater [Green]</li> <li>● % - % [Yellow]</li> <li>● less than % [Red]</li> </ul>	Data obtained from (1) FYTD Accumulated Tracking Sheet (air traveller), or (2) Resultant Targets report of the National Air Traveller Monthly Reporting Suite.  NTC manually extracts data from several sources:  SP, ICES/ICS (notes), PAXIS, GCMS, PH, Regional Reports  Manually records and tracks in NTC Targeting Traveller	Percentage	<b>NOTE: Requires re-assessment of intended results to ensure alignment with Targeting Program governance and objectives, as well as with I&amp;E priorities.</b>  <b>Note:</b> Does <i>not</i> include interim results in the count, i.e. file creation and file transfers.  <b>Note:</b> Indicator Control Sheet (ICS) Air Traveller intended results & SOPs to be developed.  See also NTC SOPs for collecting & recording air traveller targeting data.	Daily & ongoing; with monthly, FYTD and quarterly collation	<ul style="list-style-type: none"> <li>EXTERNAL REPORTING Departmental Plan (DP) effective FY 2020-21.</li> <li>EXTERNAL REPORTING in Departmental Results Report (DRR)</li> <li>INTERNAL REPORTING in Agency Performance Report (APS) effective quarterly / half-yearly;</li> </ul>	OPI: DG IEPD  OSI : DG NBOC, Ops Br (NTC – data collection)

Link to logic model	Performance Indicator  (Data needed to demonstrate the degree of achievement of success)	Baseline  (Existing quantitative measures on which the program intends to improve.)	Target  (The goal or level of the indicator that the program hopes to achieve, if applicable)	Target Date  (The date by which the target should be met).	Target Direction* (TBD)	Thresholds  (Ranges of values tied to a colour coding system & used to provide a visual assessment of performance – e.g., 100%-75% [Green], 74%-60% [Yellow], etc.)	Data System/ Source  (The name of data system or data source that contains the information, if applicable)	Data Type  (The nature of the data: i.e., is it a number, a range, a percentage increase, or qualitative, etc.)	Methodology*  (Describes how the indicator will be measured, including calculations, baselines, the definitions of variables, key terms used, etc.)	Frequency of collection  (How often the information needs to be obtained)	Report  (The report in which the indicator will be used, as required.
